

Hasnain Irfan

Software Engineering

+92 300 2111 392 hasnainirfan110@gmail.com Karachi, Pakistan

SUMMARY

Dedicated Software Engineer with 3+ years of experience delivering impactful solutions through clean code and innovative problem-solving. Known for building efficient systems and contributing to high-performing teams. Focused on creating maintainable and scalable applications that meet user and business needs.

EXPERIENCE

Software Engineer

Getweys 06/2023 - Present Karachi, Pakistan

Design and deliver scalable web applications using React, Next.js, and Node.js. Lead teams, mentor developers, and ensure quality, aligning technical solutions with business goals.

- Delivered high-performance, scalable applications using **React**, **Next.js**, and **Node.js**.
- Mentored and upskilled team members, enhancing overall team productivity and code quality.
- Contributed to architecture decisions, ensuring scalability and maintainability of codebases.
- Led cross-functional collaboration, resulting in seamless project delivery ahead of deadlines.

Junior Team Lead

Digital Graphiks 02/2023 - 06/2023 Karachi, Pakistan

Led a team of developers to deliver scalable web applications using React, Next.js, and Node.js. Streamlined workflows, ensured code quality, and collaborated across teams to meet project goals efficiently.

- Successfully led a team to deliver complex projects on time using **React**, **Next.js**, and **Node.js**.
- Delivered scalable and high-performing web applications, improving user engagement and satisfaction.
- Debugged and resolved issues in a timely manner to ensure the smooth operation of the product.
- Mentored junior developers, enhancing team skillsets and overall performance.

Front End Developer

Lucid Web Solution. 09/2022 - 02/2023 Karachi, Pakistan

Developed and maintained web applications using React and Redux, enhancing user experience and engagement through innovative features and efficient UI design

- Built and optimized **responsive, accessible UIs**, improving user satisfaction.
- Designed and developed dynamic web applications using **React**, **Next.js**, **JavaScript**, **HTML**, and **CSS**, ensuring high performance and scalability
- Integrated REST APIs and dynamic data visualization, enhancing application interactivity.

SKILLS

Javascript	TypeScript	React.js	
Next.js	Redux	Node.js	
Express.js	MongoDB	SQL	
React Native	Expo	Rest APIs	
Html	Css	Scss	Tailwind
Bootstrap	Material-UI	SemanticUI	
Next UI	Three.js	WebGL	
React Native	Expo	Git	

LANGUAGES

English	Proficient	●●●●●
Urdu	Native	●●●●●

KEY ACHIEVEMENTS

- 

Process Improvement
Identified inefficiencies in development process and implemented solutions resulting in a 40% increase in productivity

Fit From Anywhere

🔗 <https://admin.fitfromanywhere.com/>

A US-based fitness web app providing an end-to-end platform tailored for gym enthusiasts, with a customer base exceeding 1,000.

Built the **Admin Panel** on Next.js, developed the mobile app using **React Native**, and designed the backend using **Node.js** with **SQL** for efficient data management and seamless user interactions.

Next.js | Node.js | JavaScript | TypeScript | Rest APIs | postgres | Git | Firebase | SendGrid | React Native

- Designed and developed the **Admin Portal** on Next.js, following best practices and creating **20+ reusable components** such as radio buttons, checkboxes, and date/time pickers to streamline development.
- Implemented critical features, including **user authentication flows**, daily workout plans, and progress tracking, enhancing the user experience for a diverse audience.
- Developed automated **cron jobs** for mobile users, sending timely push notifications for trainer appointments and reminders, improving user engagement.
- Streamlined backend operations by optimizing queries and implementing scalable database structures with **SQL**, improving system performance.
- Collaborated with an agile team of 8 developers to ensure timely project delivery and maintain high-quality code standards.
